

Scavenger Hunt

Rules

Each player takes it in turn to read a prompt and to be the host for that turn.

The host does not take part in that round, as they are in charge of judging that round and identifying who returns with the item first and recording the scores of the turn.

- All players must be touching their computer before each round begins.
- You have 45 seconds to find each item.
- The first player to reach their screen with the correct item receive 3 points.
- The second player to arrive with the correct item receive 2 points.
- The players who find the item within the time period but were not first or second to arrive, receive 1 point each.
- The other players (who did not find the item or found the item after the time was up) receive 0 points.
- The person with the highest score at the end is the winner.
- You cannot use the same item more than once.
